

Scaling up Energy Projects in Asia to Trigger NDC Implementation

-Replicating success stories from the JCM and the GCF for applying innovative technologies and finance-

Date	4 December 2018
Time	10:30 - 12:00
Venue	Japan Pavilion

Responding to the need to showcase successful cases of upgrading replicable low-carbon technologies the world over, this event features good practices in Asian countries. The approaches leveraged on sustained investment and finance, triggered by the Joint Crediting Mechanism (JCM). Sustainable development is also important in the context of Article 6.2 of the Paris Agreement - cooperative approaches, under which the JCM is articulated. How do we maximize multiple-benefits in project design? Stories will be shared key stakeholders of the JCM and the GCF.

Provisional Agenda

Introduction

Moderator : Prof. Dr. Kazuhiko Takemoto, President, OECC

Presentations

Drawing a land scape of sustainable development and application of low carbon technologies in pre-2020 to post 2020

Dr. Luong Quang Huy, Ministry of Natural Resources and Environment(MONRE), Viet Nam

Updating development of the Joint Crediting Mechanism (JCM) and prospects under the Paris Agreement, preparation and demonstrating actions for the Paris Agreement 6.2

Ms. Maiko Uga, Office of Market Mechanisms, Ministry of the Environment, Japan

Experiences with application of Low Carbon Technologies and replication through the JCM

Mr. Edwin Manansang, Coordinating Ministry for Economic Affairs(CMEA), Indonesia

Dr. Paweena Panichayapichet, Thailand Greenhouse Gas Management Organization(TGO)

Stories from energy projects contributing to low carbon society in the Partner Countries, JCM and the GCF and others

Mr. Makoto Kato, Principal Researcher, the Overseas Environmental Cooperation Center, Japan

Mr. Alnaudov Vladislav, Deloitte Tohmatsu Financial Advisory LLC

Panel Discussion with Q&A

Gaps and Interventions: Panelists will share their prospects of energy-related efforts from now toward post-2020 period, including needs and gaps, and challenges and opportunities. By having recent experiences with the JCM project in the energy sector, participants will discuss what are possible ways to maximize/scaling up benefits offered by the JCM, the GCF and other schemes in the context of NDC implementation.

Moderator : Dr. Kazuhiko Takemoto, OECC

Panelists : Mr. Edwin, Dr. Huy, Dr. Paweena, Ms. Uga (MOEJ), Mr. Vladislav Alnaudov (Deloitte Tohmatsu)

Light refreshments will be served after the event!

Jointly organized by the Ministry of the Environment, Japan (MOEJ) ,
and the Overseas Environmental Cooperation Center, Japan (OECC)
