

# Seminar on the Joint Crediting Mechanism (JCM) in Kenya

–Accelerating Climate Action & Sustainable Development through the JCM Financial Scheme–

The Ministry of the Environment, Japan is organizing the “Seminar on the Joint Crediting Mechanism (JCM) in Kenya – Accelerating Climate Action and Sustainable Development through the JCM Financial Scheme” on **28 January 2020 in Nairobi**, Kenya.

In this seminar, speakers will share the information related to the Joint Crediting Mechanism, an initiative promoted by the Government of Japan and 17 partner countries including Kenya, and its various support to the private sector for implementing potential JCM projects, such as renewable energy and energy efficiency projects.

## About the Joint Crediting Mechanism (JCM)

The JCM aims to facilitate diffusion of leading low or de-carbonizing technologies, products, systems, services, and infrastructure, etc. and to contribute to sustainable development of partner countries.
