-- Updated: Open Seminar "Promoting the JCM in Viet Nam" (Tokyo, Japan) report --

The Ministry of the Environment, Japan (MOEJ) and Overseas Environmental Cooperation Center, Japan (OECC) co-organised the seminar "Promoting the Joint Crediting Mechanism (JCM) in Viet Nam" on 4 March 2014 in Tokyo. The seminar aimed at sharing recent updates of the JCM scheme, which is an initiative promoted by the government of Japan. The seminar focused on JCM activities conducted in Viet Nam and invited Vietnamese representative of the JCM Secretariat, Mr. Le Ngoc Tuan.

The seminar venue was almost packed with participants who attended the seminar. In Session 1, Dr. Mizuno from MOEJ introduced the overview and the subsidy scheme of the JCM. In the opening of Session 2, Mr. Tuan from the Ministry of Natural Resource and Environment, Viet Nam presented their activities to combat climate change, benefits to be gained through the JCM, and the overview of the JCM studies such as Feasibility Studies

(FS) conducted in Viet Nam. Mr. Satoh from OECC, who is in charge of conducting capacity building for NAMAs and JCM studies in Viet Nam, introduced JCM support programmes. Then reports were made by private companies conducting JCM model projects and JCM project planning studies (PS) in Viet Nam: Namely, Renova, Inc.; Mayekawa Manufacturing Co., Ltd.; Hitachi Zosen Corporation.

During the questions and answers session, speakers replied to several questions including technical ones related to JCM support programmes, JCM model projects and FS/PS.

The seminar was conducted as part of the "Carbon Market EXPO2014" organised by MOEJ and the Carbon Offset Forum.

The presentation materials are available at:
